- ▶ **PROTECT** product & personnel from harsh weather conditions
- ▶ **INCREASE PRODUCTIVITY** by providing a safe & comfortable working environment
- ▶ **DURABLE** range of Hi-Performance fabrics to choose from
- ▶ **CUSTOM** sizes available

CLOSE-UP

Generally designed to suit 10' wide x 10' high openings. This unit is ideal when full access to the rear of the truck is required. With a standard velcro split head curtain, this unit services a variety of truck heights.

Unlike conventional pads that seal the back of the truck, this unit allows the truck to back through the vertical pads forming a tight seal against the sides of the truck. The velcro split head curtain is raised and lowered on top of the truck allowing full access to the rear of the truck.

LDC offers a wide variety of custom head curtains to satisfy your dock requirements

HEAD CURTAIN OPTIONS

PVC DROP CURTAIN

Low temp PVC strips can be used for non-adjustable applications to suit a variety of trucks.

1/2 FOAM FACE VELCRO SPLIT

The top half of the curtain has a 4" thick fixed foam pad while the bottom of the curtain has a velcro split.

FULL FOAM FACE VELCRO SPLIT

This unit comes with a 4" thick full foam face pad for a tighter seal. A velcro split allows the bottom portion of the curtain to be raised and lowered accordingly.

WEAR FLAPS PROVIDE EXTRA PROTECTION

To maximize long term performance of your dock seal, overlapping flaps are applied at the corners of the head curtain (for velcro split style only) and the full height of the side pads. The wear flaps will absorb the abrasion that occurs at high wear areas. Wear flaps are available with 4", 6" or 8" exposure. Available in a wide range of fabrics & colours.

4" EXPOSURE

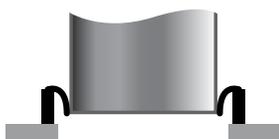

6" EXPOSURE

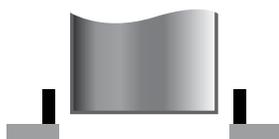

8" EXPOSURE

CUSTOMIZE YOUR DOCK TO SUIT YOUR SPECIFIC NEEDS

(Top View)

This foam shelter allows full unobstructed access to the rear of trailer.

(Top View)

Extend the life of your unit by easily removing the velcro foam face and allowing ventilation to the dock area during summer months.

LDC can customize your dock seal with the ideal fabric for your application from a wide range of colours and fabrics available.
